

# Rubber Fab

a Garlock Hygienic Technologies company

## GYLON BIO-PRO® Part Numbers

Tri-Clamp® connections are the standard connection in the pharmaceutical industry. Seals of varying quality and materials are often used regardless of their suitability for constantly increasing operating parameters. GYLON BIO-PRO® seals offer a safe solution with its modified and restructured PTFE material, pre-formed and stress controlled, for all Tri-Clamp® standards. It is dimensionally stable and resists intrusion. Rubber Fab is proud to offer GYLON BIO-PRO® in Tri-Clamp® gaskets, ring gaskets and 150# Stress Saver gaskets.

SIZE	PART NUMBER	MATERIAL	COLOR
1/2"	42MP-BIO-PRO-050	PTFE	Blue
3/4"	42MP-BIO-PRO-075	PTFE	Blue
1"	40MP-BIO-PRO-100	PTFE	Blue
1-1/2"	40MP-BIO-PRO-150	PTFE	Blue
2"	40MP-BIO-PRO-200	PTFE	Blue
2-1/2"	40MP-BIO-PRO-250	PTFE	Blue
3"	40MP-BIO-PRO-300	PTFE	Blue
4"	40MP-BIO-PRO-400	PTFE	Blue
