

How To Build A **Hose Assembly**

Ordering Rubber Fab Hose Assemblies and understanding a Rubber Fab Part Number

	Rubber Fab	RFRT - FEP LINED	3A FDA US	
	a Gartock Hygienic Technologies company	www.rubberrab.com	FDA US	
End Style	↑ Hose			End Style
	Ass	embly Lenath		

Assembly Length

Example part#:

16RFRT16TC16TCSSAR-36

When you break it down, what does this part# mean? 16 RFRT 16TC 16TC SS AR - 36

16 Hose ID – Size in 16th of an Inch ID for this hose is 1 inch

RFRT

Rubber Fab Hose Type This hose is RFRT – Smoothbore FEP Lined EPDM Rubber Hose

16TC 16TC Size and Style of Fitting Ends

Both fittings on this hose are 1 inch Sanitary Tri-Clamp®

SS **Fitting Material**

The fittings for this hose are 316L Stainless Steel

AR Accessory (not pictured in example) This armor casing accessory will cover the length of live hose

-36 **Overall Assembly Length in Inches** The overall length of this hose is 36 inches
