Change Notification - 03 - 2019 – Hose labeling

Dear valued Business Partner,

Rubber Fab is known for carrying a wide range of products to fit the need of the pharmaceutical, food and beverage processing industries. With this large portfolio, it can be difficult to meet all requirements for stocking as well as ordering, especially with hoses.

We would like to make you aware that based on low usage and high minimum requirements set forth by our suppliers, the following hoses will not be private labeled with a Rubber Fab layline.

- RFPC
- RFPB
- RFPVV
- RFPVW
- RFF&B 2.5" and 4"
- RFFDAC
- RFW DAM

Thank you for your understanding in this matter. Any questions, please reach out to your European Rubber Fab team rubberfab.europe@psi-products.de / +49 (0) 7473 3781 731.

Best regards,

Christoph Neuffer
Rubber Fab - Application Engineer
