## Information - 2021 - 04 - Updated Product Literature: Hygienic Solutions Brochure

Dear Valued Partner,

With this document we are happy to announce updates to our popular Hygienic Solutions Brochure (10-fold), formerly known as Validation Solutions Brochure (6-fold), further described in the following:

Product / Document	Old version	Date	New version	Date	Changes
Hygienic Solutions Brochure	<i>RF_Validation-Solutions_DE_LR_15092020</i>	15.09.2020	RF_Hygienic_Solutions_EN_LR_06052021	06.05.2021	<ul style="list-style-type: none"><li>• Next Generation elastomeric gaskets added</li><li>• European hose range added</li></ul>
	<i>Validation-Solutions_FR_LR_15092020</i>				
	<i>RF_Validation-Solutions_GB_LR_15092020</i>				

This brochure provides a great overview about many of Rubber Fab's specialty products on just a small number of pages.

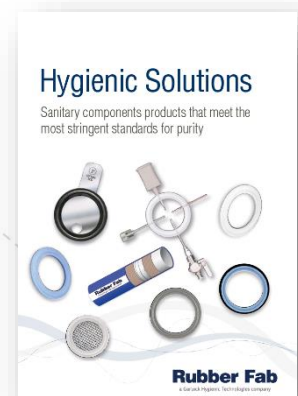

Please find most up-to-date versions of this brochure enclosed to this information letter or in the Distributor Portal in the folder "Product Literature".

We are not planning to print the brochure at this stage, but if you like to print the brochure yourself, please request a high-resolution version from us.

Moreover for now we do not intend to translate the document into other languages. When you have a need for that, please reach out.

Please share within your company with whom it may concern! If you have any question, please contact us. Happy selling!

Best regards,  
Team Rubber Fab Europe
